Call for papers - MERJ 4.1

The Media Education Research Journal invites submissions for issue 04:01 by the deadline of April 19 2013.

MERJ offers a forum for the exchange of academic research into media education and pedagogy conducted by academics, practitioners and teachers situated in all sectors and contexts for media education. The journal aims to encourage dialogue between the sectors and between media educators from different countries, with the aim to facilitate the transfer of critical, empirical, action and discursive research into the complexity of media education as social practice.

We invite papers and reports that present the outcomes of media education research related to any aspect of this discussion. See the MERJ pages on the Auteur web site for guidelines for submission: http://tinyurl.com/yzbbygn or visit the new MERJ website, www.merj.info
